The jury's decision cannot be appealed. To balance the inevitable subjectivity in these jury matters we have a new jury every year. And you are of course welcome to apply again.

INFORMATION ABOUT THE ASSOCIATION

Non profit work

Grafik i Väst (GiV) is a non-profit association and our "to be or not to be" depends on the engagement the members put in. **All members, except for those who lives abroad, share the responsibility for the exhibitions on week ends.**

This means one (1) Saturday or Sunday approximately once every 2nd year. If you cannot make it you can either swap with another member or pay for a replacement (the cost right now is 400 SEK).

We also depend on various contributions in different work-groups. Some work has to be done by members who live within commuting distance, while other work can be taken care of from afield, through e-mail, phone or Skype. Daily administrative work is performed 30 h/week, by our employee, Anna Larsson.

GiV has 2 member meetings every year of which one is the annual meeting, held every spring. Our meetings always end with a nice gathering with food and drink and discussions.

Annual and commission fees

As a member you pay 2 400 SEK as a tax-deductible service fee. Students pay 600 SEK.

You can split up the fee if you prefer.

New members pay half the fee the first year.

For sales from the "print bank" the commission is 40%. 35% for joint owners (to become a joint owner you pay 2 000 SEK).

Annual and commission fees are settled every year at the annual meeting.

We have to say that to do work in GiV is a rewarding way to get to know, not only the association but also the terms and conditions for art in our society today. On and off it is of course a strenuous exercise for all artists to combine your art work with everything else and put this kind of voluntary work on top. We do it because it is a meaningful challenge for print making addicts and we do have a lot of fun! We contribute to the best of our ability with whatever we are engaged and interested in.

This is what GiV does for you:

- we show your prints to the gallery visitors.
- You get to participate in various exhibitions
- you can apply for a solo show at the gallery
- your works will be displayed on our web site (with your permission) We also run a web-shop as a complement to sales from the gallery.
- you get access to a large network of print making colleagues, workshops and other places and things of interest in Sweden and abroad
- you will be part of a good crowd of colleagues working together!

We want to know what YOU can do for GiV:

(To be submitted if elected). **Mark one or several things you are interested in doing** and we will let you know when there are vacancies.

Do you want to be part of our gallery exhibition group

planning and composing the exhibition program for the season, put up and take down exhibitions in the gallery and help out at openings 3 or 4 times a year.

Do you want to work with external exhibitions

this group work like the exhibition group but not on the same regular basis. We take every opportunity we can to work with exhibitions outside the gallery, from nearby to as far afield as Shanghai.

Work with web-based exhibitions

you are part of an editorial team that works with making digital graphics exhibitions in connection with our regular website. It can be about both image, text work and translations. We see it as important to try to spread the graphics outside the gallery, online and other digital platforms. The work can be done remotely.

Do you want to work with our supporters

GiV has a supporter association; Friends of GiV. Here you can work with recruiting new supporters, write news letters arrange lectures or visits in workshops etc. This task can be administered [from](#) a distance.

Do you want to be coordinator

All members share the gallery work on weekends. Each one of us do 1 Saturday or Sunday approximately every 2nd year. A list in alphabetical order is distributed in good time before the season starts. The coordinator checks that the members on the gallery list have noted that they are on the gallery list. Then the coordinator sends them the information needed to do a day at the gallery, how to get keys and so on. This work requires 1 or 2 persons and can be conducted [from](#) a distance. GiV will of course pay for telephone costs.

Do you want to work on the board

[This](#) is a place for visionaries, who like to verbalize and write, who can be staff manager (very nice and small staff), who are good at applying for funds or want to learn this, every now and then, rewarding mission. Or if you have other ideas you think should be activated to strengthen GiV's position in forthcoming fortunes and adventures.

Aside from these work-groups we have special requirements

Marketing: Newsletters, facebook, press etc. *Can be conducted on a distance.*

Web: Update and master the website. *Can be conducted on a distance*

Translations: mainly from Swedish to English, but other languages can be needed. *Can be conducted on a distance*

Cleaning and taking care of the gallery.

Help with dispatches, packing [and](#) transports to the post office and other logistics.

Documentation of exhibitions, openings and other events

One must not know everything beforehand, Together we inform and educate each other!

You are very welcome!
